24th September 2018

Dear Parents and Carers,

EduLink One

Last term we wrote to you to introduce our online platform for all students, staff and parents that provides you with quality information that you can access about your child/ren and their time in school. This platform is called EduLink One.

You can access the EduLink One platform by clicking on the icon on our website as shown below:

You can access real time information regarding attendance, behaviour and achievements of your child. You can also access your child's homework so you can support them in their independent learning as we no longer use showmyhomework. EduLink One will be used to book and manage your parents evening appointments, replacing ParentMail.

There is also an app that can be downloaded and used on most devices which can be sourced from your app provider. There is only one app for this product and so it should be straightforward. The school ID for the app is **Queensbury**

A number of parents have logged on successfully however if you have experienced difficulties in accessing or using the EduLink One Portal, please email: networkmanager@queensburyacademy.com from the email you have provided to the school and we will endeavour to help you as soon as possible.

Otherwise, please aim to log on as soon as possible so you can get the information you need to support your son/daughter throughout their time at the Academy.

Kind regards,

Yours sincerely,

Mark Little

Senior Vice Principal
