Dear Parent/Carer

Queensbury COVID Testing of Pupils

As you will be aware after the initial on site COVID testing, pupils will be issued with home test kits. These tests are lateral flow devices [LFD tests], which are the same as the ones your children carried out in school. They should be completed twice per week with 3-5 days apart, ideally Sunday evening and halfway through the week on a Wednesday evening. They will be issued to pupils after they have their 3rd tests in school.

Please follow the instructions provided in the box to register the result with the NHS track and Trace system. Please also inform school by using this [Link](#) This will help us monitor results for any positive tests and isolate any close contacts if necessary.

The link will be made available on the school website [Welcome to Queensbury Academy](#)

If you have any questions, please email admin@queensbury.anthemtrust.uk

Yours sincerely,

Mark Little

Principal

For and on behalf of Anthem
